Fact Sheet

Dental Care and Insurance

Medicaid-funded Managed Care Organizations (Medical Assistance) are required to help make dental care available to people with disabilities.

To Find a Dentist Through Insurance:

1. Call the member services phone number on the back of your insurance card
2. Request to speak to a member of the Special Needs Unit (SNU).

This form is to be used to assist staff in documenting the person's response to an "as needed" medication that is given--especially those given prior to a dental appointment or any procedure that the person experiences anxiety over. It is to be shared with the prescribing physician. In reviewing it, the doctor can assess the effectiveness of the medication and decide if changes are needed.

Some of the medication that might be prescribed are lorazepam (Ativan), diazepam (Valium), Alprazolam (Xanax), diphenhydramine (Benadryl), oxazepam (Serax), clonazepam (Klonopin), or hydroxyzine (Vistiral/Atarax).

This form was developed by [Community Health Connections](#). Permission is granted for non-profit copy and distribution of this form. This permission is granted upon the condition that the PRN Antianxiety Medication Monitoring Form is not altered and this statement is not removed.
